

## Citywide Traffic Signal Management Program

The project develops and implements a traffic signal monitoring program, traffic signal coordination master plan, and performs Citywide average daily traffic counts. The project will be fully designed in 2014, with completion scheduled for January 2015.

## City Participation in Orange County Transportation Authority's (OCTA) Regional Traffic Signal Synchronization Program (TSSP) Projects

The City's participation in eight TSSP projects to synchronize traffic signals across multi-jurisdictional boundaries, with the design and construction completed or partially constructed in 2014, includes the following:

1. Lake Forest Drive Corridor Traffic Signal Synchronization Project.
2. Los Alisos Boulevard Corridor Traffic Signal Synchronization Project.
3. Santa Margarita Parkway Corridor Traffic Signal Synchronization Project.
4. Bake Parkway Corridor Traffic Signal Synchronization Project.
5. Trabuco Road Corridor Traffic Signal Synchronization Project.
6. Jeronimo Road Corridor Traffic Signal Synchronization Project.
7. Barranca Parkway/Muirlands Boulevard Corridor Traffic Signal Synchronization Project.
8. Alton Parkway Corridor Traffic Signal Synchronization Project.
